Bluetooth Stereo Headset

H6060

The ideal headset for on the go: The H6060 sounds great, is compatible with almost every mobile device, and also offers more convenient control of your music player. The built-in touch controls offer easy access to key functions like play/pause, volume, previous/next track without you needing to fish the player out of your pocket. What's more, the intelligent power-saving mode turns the headset off automatically if no signal is received after a set amount of time. In combination with the lithium battery, this offers a battery life of up to 16 hours.

▸ Bluetooth audio transmission

Wireless hi-fi enjoyment: Bluetooth technology offers a reliable audio transmission with incredible sound quality for all Bluetooth-equipped devices with 360° coverage and a range of up to 10 m.

▸ Built-in omnidirectional microphone

Listen up: the built-in omnidirectional microphone is hidden in the headsets casing and offers a high-quality voice transmission.

▸ Touch controls

Control at your fingertips: The built-in touch controls give you easy access to key functions like play/pause, volume, previous/next track without you needing to open your media player.
